1 PURPOSE

This is a sign-off document, known and understanding the changes within the Database simulator project. There are some issues that happened during the each phase of the project and the purpose of this report is to state out each of them and state the reason and why.

2 MILESTONES

Milestone	Status	Due Date	Actual End Date
Project Proposal	Completed	22/07/2016	10/08/2016
Project Proposal			
Project Plan/Gantt Chart	Completed	22/07/2016	05/08/2016
Project Plan/Gantt Chart			
Scope of Project			
Analysis and Design Documents	Completed	05/08/2016	26/08/2016
Requirements Analysis			
Analysis and Design Documents			
Methodology and Techniques			
Exploration Phase	In Progress	06/09/2016	
Client Application Development			
Website Development			
Engineering Phase		30/09/2016	
Database Evaluator Development			
System Test Plan		07/10/2016	
Test Case for System Test			
Project Presentation		To be announced	

3 FOUNDATION PHASE

In the foundation phase, project team has already created the main documents of this phase:

- Requirements Analysis Document
- System Analysis and Design Document
- Methodology and Techniques Document

Others supportive documents as per DSDM methodology for this phase.

- Business Area Definition
- Business Foundations
- Feasibility Assessment
- System Architecture Definition
- Prioritised Requirements List

4 CHECK LIST

Document	Status
Business Area Definition	Complete
Business Foundations	Complete
Feasibility Assessment	Complete
System Architecture Definition	Complete
Prioritised Requirements List	Complete

5 APPROVAL

By signing this document, all parties are understood and acknowledge the changes.

Project Advisor Dr. Steve McKinlay	Signed:  Date: 13/9/16
Project Manager Changming Wu	Signed: Changming Wu Date: 13/09/16
Database Specialist Hardik Kansara	Signed:  Date: 13/09/16
Web Developer Kwinno Pineda	Signed:  Date: 13/09/16
C# Developer Patrick Cura	Signed:  Date: 13/09/16
